

F117BE3 Led Lightbar

Freedom decision on modules and speakers
ITEM: 010901

● Mounting magnets are included for installation, and the LED light bar can be easily wired into a police car's existing system. The magnets also make it easy to uninstall the popular police lights when not needed.

- Magnet mounting by 4 brackets
- 3 Meters length of 3 core wire with A13-163 cigarette plug
- 35 flash patterns enable drivers and first responders to adjust their emergency lights to any situation they face. Better yet, the mini light bar also features flash pattern memory.
