Silicone Light Strips Integrating Warning, Illumination, and Full-Length Light Bar Capabilities

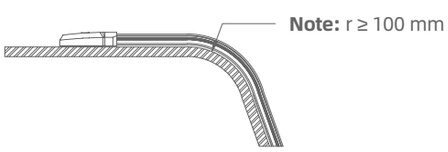

CE | UKCA | DOT

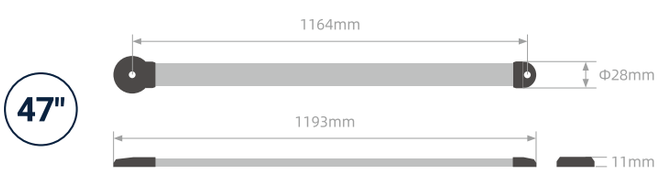

R148 ECE | R10 ECE | R65 XA2 ECE | R65 XB2 ECE | R65 XR2 ECE | J595 SAE | 108 FMVSS

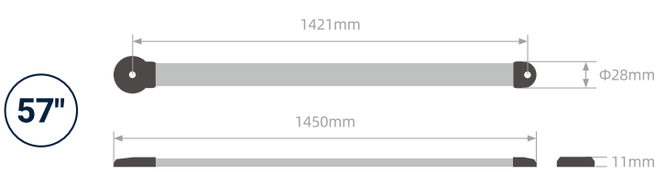

MODE | PWM | CUSTOM | WIRELESS CONTROL | CAN BUS

FEATURES

◎ All-in-one: warning, illumination, STT, signal
◎ Five-color LED (Red/Blue/Amber/White/Green), 14 flash patterns
◎ Dual control: MODE & PWM, EU/US compatible
◎ Fully programmable light functions & behaviors
◎ Built-in Type-C memory for fast USB cloning
◎ Flexible silicone housing fits curved surfaces
◎ Mounting: 3M adhesive, magnetic base, aluminum clip
◎ Extended 47"/57" versions for full-size vehicles
◎ Rugged IP67/IP69K, -30° C to +70° C, UV & vibration tested
◎ 5-year warranty; ideal for police, municipal, service & utility fleets

Item	Mode	Max Power	Voltage	Functions	Lum	Color Temperature	LED Color	Flash Patterns	IP Rating	Operating Temperature	Length
041201	Gecko 5-47"	36W	DC10-33V	Warning & working light	2000LM	5700K		20	IP67+IP69K	-30°C-+70°C	1193mm
041202	Gecko 5-57"										1450mm

ACCESSORIES

Item	Model		Features
190101	Wired Controller		• Size: 65×72×19mm (without connector), black PC housing • Input: DC 10-33V, MAX 5A (supports up to two five-color light bars; external power required for light bar control) • Output: 1×10V, 2×5V; each set includes power +/-, RS-485 (A+), RS-485 (B-)
